

APSN-FAONS-HKSN 2026

Program at a Glance (Pocket Guide)

23–26 August 2026, Hong Kong

Plenary/Guest Symposia Special Sessions YIC/Oral/Flash Social/Reception Breaks/Meals

Aug 23 (Sun)

11:00 - 14:00	APSN Council Meeting
14:30 - 16:00	SS1: ALBA-IBRO Session on Scientific Mobility and Identity in ...
14:30 - 16:30	SS2: Advanced Neuroimaging for Circuit & Brain-wide Analysis
14:30 - 15:20	GL1: Large Scale Cortical Population Codes <i>Kenneth Harris</i>
15:30 - 16:30	FLASH: Flash Talks: Selected Posters
16:45 - 17:00	Opening Ceremony
17:00 - 18:00	PL1: From Pecking Order to Ketamine – Neural Mechanisms of Social and Emotional Behaviors <i>Hailan Hu</i>
18:00 - 19:00	Reception

Aug 24 (Mon)

09:00 - 10:00	PL2: The New Biology of Alpha-Synuclein: From Synaptic Protein to Diverse Pathological States <i>Glenda Halliday</i>
10:00 - 10:30	Coffee Break & Networking
10:30 - 12:30	S01: Neurochemical mechanisms underpinning complex behaviors S02: Precision neuromodulation across scales: from circuit mec... SS3: Bridging Basic & Clinical Neuroscience Session 1 SS4: Forum on Neuroethics OS1: Oral presentation session 1
12:30 - 14:30	Lunch, Exhibitions & Posters
13:30 - 14:15	OT1: Open Theatre on Neurotechnology
14:30 - 16:30	S03: Network rebalancing and therapeutic targets in severe neu... S04: Organoid, transgenic, and environmental models of neuroch... S05: Advancing stem cell technologies for neurological disorders S06: Dynamic control of AMPA receptor trafficking across scale... OS2: Oral presentation session 2
16:30 - 16:50	Coffee break
16:50 - 17:50	PL3: Dysregulated Synaptic Plasticity: From Alzheimer's Disease to Autism <i>Graham Collingridge</i>
18:00 - Onwar	Social & Networking Activities

Aug 25 (Tue)

09:00 - 10:00	PL4: From Genetic Tools to Motor Recovery, Blindsight, Decision and Neuropsychiatric Disorder in Nonhuman Primates <i>Tadashi Isa</i>
10:00 - 10:30	Coffee Break & Networking
10:30 - 12:30	S07: Neuroimmune interactions - new tools and discoveries S08: Neuronal and neurochemical remodelling in pathological st... YIC1: ISN-APSN Young Investigators Colloquium Session 1 YIC2: ISN-APSN Young Investigators Colloquium Session 2 SS5: Women in Neuroscience Forum
12:30 - 14:30	Lunch, Exhibitions & Posters
13:30 - 14:15	OT2: Open Theatre on Neurotechnology
13:45 - 14:30	APSN AGM
14:30 - 16:30	S09: The geometry of neural dynamics: data driven models, netw... S10: Molecular mechanisms of neurodegenerative diseases: from ... S11: From tag to trace: how synapse store lasting memories S12: Behavioral and cognitive flexibility in health and diseas... OS3: Oral presentation session 3
16:30 - 16:50	Coffee break
16:50 - 17:50	GL2: Time and Punishment: Dynamic Encoding of Emotional Memory <i>Andrew Holmes</i>
18:00 - Onwar	Conference Gala Dinner (by invitation)

Aug 26 (Wed)

09:00 - 11:00	S13: Uncovering novel molecular mechanisms in brain diseases SS6: Bridging Basic & Clinical Neuroscience Session #2 YIC3: ISN-APSN Young Investigators Colloquium Session 3 YIC4: ISN-APSN Young Investigators Colloquium Session 4
11:00 - 11:30	Coffee Break & Networking
11:30 - 13:00	S14: Synaptic strengthening in memory consolidation S15: Metabolic and signaling dysregulation in pathogenesis: mo... SS7: Publishing Forum OS4: Oral presentation session 4
13:00 - 14:00	Lunch, Exhibitions & Posters
14:00 - 15:00	PL5: Deciphering the Biochemistry of Long-term Memory <i>Haruhiko Bito</i>
15:00 - 17:00	S16: Revisiting classical monoamine neurochemistry with next-g... S17: Bridging genetic diversity to clinical innovation in Park... S18: Physical exercise and brain health: mechanisms, intervent... S19: Large-scale network organization underlying brain functio...
17:05 - 17:15	Closing Ceremony
